OKV Nigeria Payroll & HR Management System

Quick Guide — Employee / Staff Self-Service

Welcome

This short guide covers everything you need as a Self-Service User — viewing your payslip, requesting leave, and checking your loan balance from My Portal.

Logging In

- Use the username/email and password your Admin gave you.
- First login needs internet; after that the app works offline too.
- You can log out anytime from the account menu at the top right.

My Portal

Your Payslip

See the current period's full breakdown — gross pay, deductions (pension, NHF, PAYE tax, loan), and net pay.

Leave Requests

View your leave history and submit a new request — pick a leave type and your dates, then submit. Your Admin will review and approve or reject it.

Loan Balance

If you have an active staff loan, see your outstanding balance and monthly deduction amount here.

Messages

Use Messages to send a direct question to your Admin — a simple two-way conversation, no announcement needed.

Your Account

Change your password anytime from the account menu at the top right. If you've forgotten it, ask your Admin to set a new one for you — Users don't get an email-based reset link.

Getting Help

For anything not covered here, contact your organization's Admin first. For technical issues with the system itself:

Email	Phone / WhatsApp	Website
technologyokv@gmail.com	+2348104141138	www.okvtechnology.com
